Material (incl. Fasteners)	Aluminium & Galvanized steel
Weight of Bracket	15.4 lbs (7 kg)
Mechanical Tilt	Adjustable from -2° to 10°

About Quintel

Quintel is a leading innovator in the design, development, and delivery of network-efficient antenna solutions for wireless operators worldwide. The company's products enable global wireless operators to independently deploy and optimize multiple air interfaces or services on a single standard antenna platform. Quintel is the only antenna maker whose products can increase a wireless network's capacity and provide additional services, without increasing the number or size of antennas. Quintel is headquartered in Rochester, New York with additional offices throughout North America, Asia and Europe. More information about Quintel is available at www.quintelsolutions.com.
